Customer Proprietary Network Information (CPNI)

Effective December 2007, the FCC implemented new rules to protect the privacy of information contained in all telephone accounts, including your telephone account with Sharon Telephone Company. The new rules allow us to discuss account information only with the person(s) listed on the account. We must also be able to confirm the identity of inbound callers.

We will confirm the identity of callers by asking them to provide the answer to an authentication question listed below. Certain call detail information we will not share over the telephone regardless of authentication. Instead that information will be mailed to you or we may call you back at the phone number on your account or you may stop into our office to pick up this call detail information. Authorized contacts can discuss account information and make changes to your account. Authorized contacts will not be responsible for payment of your account.

Check if you **DO NOT** wish to add authorized contacts

If you **DO** want to add authorized contacts, please list them below.

I authorize the above person(s) to have access to this account.
